An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In claim 12 line 1, delete "polyester" and insert --- polycarbonate ---.

The following is an examiner's statement of reasons for allowance: Applicant has compared (example #3 vs C6,C7) the use of phosphine against the phosphorous compounds of Hiroshi. The phosphine provides better resistance to the steam test. The references of record do not clearly teach superiority for the phosphine. The showing overcomes the obviousness of substituting Hiroshi's phosphorus compounds with phosphines.

Applicant's comparison examples 6 and 7 were apparently mislabeled as "phosphates". The compounds used were Irgafos168 and ADK STAB PEP-36 (paragraph 157) which are the same compounds utilized by Hiroshi's examples.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David Buttner whose telephone number is 571-272-1084. The examiner can normally be reached on weekdays from 10 to 5pm.
